

Italy Threatens to Withdraw from Conference Conflict With New Jugo-Slav State over Former Austrian Seaport of Fiume Develops Crisis at Paris

(By Associated Press)
March 21—Bulletin — The Italian delegation to the Peace Conference has decided unanimously to withdraw from the conference unless Fiume is assigned to Italy contemporaneously with the conclusion of peace.

The decision of the Italian delegation apparently brings to a head the bitter controversy between Italy and the new Jugo-Slav state over the disposition of land along the Adriatic, formerly belonging to Austria-Hun-

bary, which both nationalities claim. Italy originally claimed virtually the entire Dalmatian coast including Trieste and Fiume, the latter being the second principal seaport on the eastern side of the Adriatic. Recently it was indicated that Italy was willing to make important concessions if given Fiume. The Jugo-Slavs insisted, however, that that city is essentially Croatian and necessary to the new Jugo-Slav state but apparently Italy has refused to yield on that point.

Just what brought the matter to a crisis, has not been developed in Paris advices.

Claims Against Germany Total \$40,000,000,000

(By Associated Press)
Paris, Thursday, March 20—The chief issue of the question of reparation now is not what Germany should pay but what she can pay. The commissions which have studied the subject have reduced claims to a total of about forty billion dollars, of which the United States claims about a billion. One proposal was to spread the payment over 40 years which with interest, would make a total of eighty billions. The Americans, however, believe twelve billions are about the limit of Germany's ability to pay.

"THE BIRD OF PARADISE"
In "The Bird of Paradise," which will be seen at the Lexington Opera House Friday and Saturday, March 21st, and 22nd, with Saturday matinee you will see a play that is now in its eighth season on the road and each year it seems to entwine itself more firmly around the hearts of theatre-goers. Richard Walton Tully, one of our best atmospheric writers, is the author.

"The Bird of Paradise" is a sound ethical, political and racial lesson. Its lessons are absolute; it is also strong, virile drama, and contains a thoroughly absorbing love story. Manager Morosco, who has been introducing new leading women each season, this time will offer Florence Rockwell in the role of Luna, and others in the cast include the sweet-voiced Hawaiian singers and players, who help to make this play one of the most interesting stage novelties of the past decade.

School Teachers Will Put Money In Circulation

County Superintendent Ben F. Edwards, accompanied by Messrs. A. J. Million and W. R. Haden, of the County Board of Education, went to Valley View yesterday and tentatively selected three sites for the new consolidated school building, which will house the Valley View and the Miller schools. It is not known as yet positively which site can be secured, so the committee took options on all of them.

Supt. Edwards has received checks from the State Department of Education for the fifth and sixth installments of the salaries of the county school teachers. Each installment amounts to \$5,300, so it can be seen that the county pedagogues are going to put quite a bit of money in circulation very shortly.

Stanford, March 20.
The examining trial of Graddon Thompson, of Crab Orchard, who killed Pate King, Jr., of the same place, on March 2nd, was held yesterday. Thompson and the King boy had had some words over a girl that both had been going to see, but after that no serious trouble was expected. The King boy with his brother, Sam King, went to the depot to go to Mt. Vernon and just a few minutes before the train arrived, the Thompson boy, accompanied by his friend, Frank Boone drove up in a buggy, and immediately drew his gun and instantly killed Pate King, and then fired one shot at Sam King, which took effect in his side. He was not able to attend the trial. Thompson was held over to circuit court without bond and the Boone boy was released on \$1,000 bond to appear at the next term of court. Mr. Boone furnished the conveyance and also the weapon for Mr. Thompson. All boys connected were not over 18 years of age.

BLOODHOUNDS ON TRAIL OF BURGLARS

Stanifer's Store Robbed and Lexington Dogs Follow Scent Out Water Street To Railroad.

Capt. V. G. Mullikin's bloodhounds from Lexington trailed from a rear cellar window of J. S. Stanifer's store out Water street, then to the railroad on East Main yesterday, but quit there and it is believed that the burglars who made a good haul at this popular clothing store Wednesday night, caught a train and got out of town.

The robbery was discovered when Mr. Stanifer and his staff opened up the store Thursday morning. No mention of it was made yesterday as Mr. Stanifer was hoping the robbers were in town and that the bloodhounds which were promptly phoned for, might trail him or them.

An iron bar had been prized off one of the rear basement windows. So far the booty that the thief obtained as far as goods in the store can be checked up, were three suits of clothes three pair of \$9 shoes, three pairs of \$11 shoes and \$7 in cash from the cash register.

Footprints that the burglar made in the soft earth outside the cellar window, were plainly visible, and the hounds took trail immediately, going straight to the railroad. A second trail was made and they went the same route over again and all concluded that the burglars caught a train out of town.

MARSHAL FOCH NEVER DESPAIRED

He Says, Speaking To Associated Press, Upon Anniversary of Great German Drive Toward Amiens

(By Associated Press)
Paris, March 21—Marshal Foch reminded today of the anniversary of the great German offensive toward Amiens which he later turned into a retreat, was asked to explain his method. He said there is too much to tell in a few words but that "when one has faith one does not retire. You tell I gave the victory to France. It was our admirable soldiers who gave it. I have but one merit, that of never despairing."

A year ago today, the German army, at the peak of its power, poured down on the British lines in Picardy, bent on winning an overwhelming victory before the Americans should reach the front. Within less than nine months the American first and second armies had broken the hinge of the whole enemy front with the capture of Sedan, while decided victories had been won by the British and French. Today Germany no longer exists as a military power. Her gigantic war machine has collapsed and the American army she sought to avoid stands astride the Rhine with the British and French and all Germany at their mercy.

Restrictions Removed On Italian Lira Exchange

(By Associated Press)
Washington, March 21—All restrictions on the sale or purchase of Italian lira exchange were removed today by the Federal Reserve Board until further notice. This follows the removal of artificial maintenance of foreign exchange rates by the British French and Italian government and is another step toward allowing free and natural competition in the foreign exchange markets throughout the world. Government officials regard it as a highly important measure accompanying the readjustment of international trade relations to a normal peace time basis.

The Mansfield District

The mineral wealth of the Missouri district is abundantly shown in the birdseye view at the top of this page. Mines and smelters paying prodigious profits are to be seen on every hand.

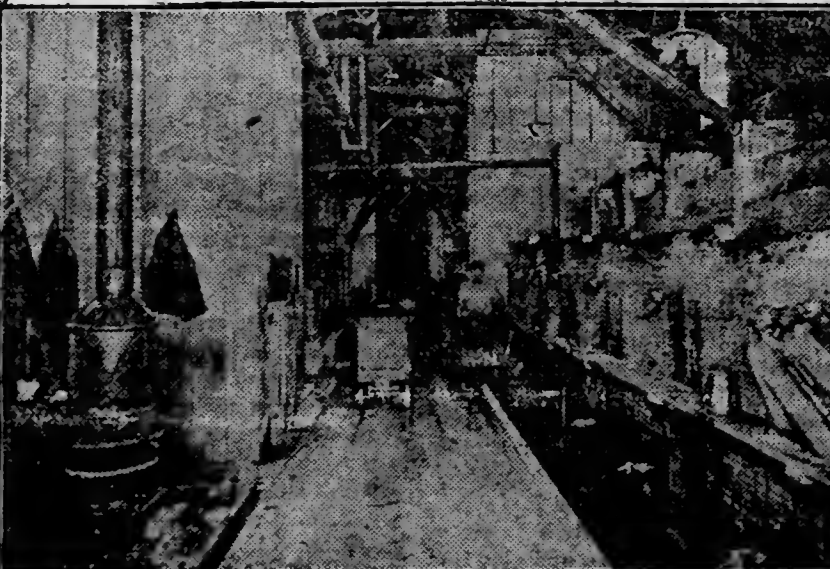

The reason lies in the fact that there is to be found the richest and purest ore deposit in the entire region.

In fact, the State of Missouri is the largest lead and zinc producing State, producing 32% of the output in the entire United States.

It is the theory of geologists that this point, Mansfield, on the highest ridge of the Ozarks, marks the spot of a prehistoric volcano which deposited this vast store of mineral wealth by an eruption.

At any rate, it is there and is being mined and smelted at tremendous profits.

It is an absolute fact that T. T. Beeler refused last Friday an offer of \$50,000 cash for forty acres of their holdings immediately adjoining the first mill. This is the forty acres north of the spot where the new company is to

be located. Immediately adjoining is the Red Bird lead and zinc mine of W. E. Caldwell (of Louisville). Very rich ore was found in this mine at a depth of only thirty-five feet.

Profits in Lead and Zinc

When you buy stock in a lead and zinc mine you are not taking chances or buying a "pig in a poke," but you see what you are getting. The property is proven by drills, and you absolutely know that the mineral is there in vast quantities before mining is commenced.

A striking example of the success of the mills is the Eagle Pitcher Co. This company made forty millions of dollars in the past five years.

Five years ago this district was an empty prairie—today there are several hundred mills in successful operation and one acre of this land has produced a million dollars in ore.

The first company was composed of T. M. Crutcher, President; N. C. Cureton, Secretary, and W. E. Newbold, Treasurer, with the following directors: T. M. Crutcher, Neil Wilson Funk, William Phillips, N. C. Cureton, M. N. Cralle, Charles A. Funk, T. T. Beeler, G. W. Scott, with Hon. E. J. McDermott as attorney.

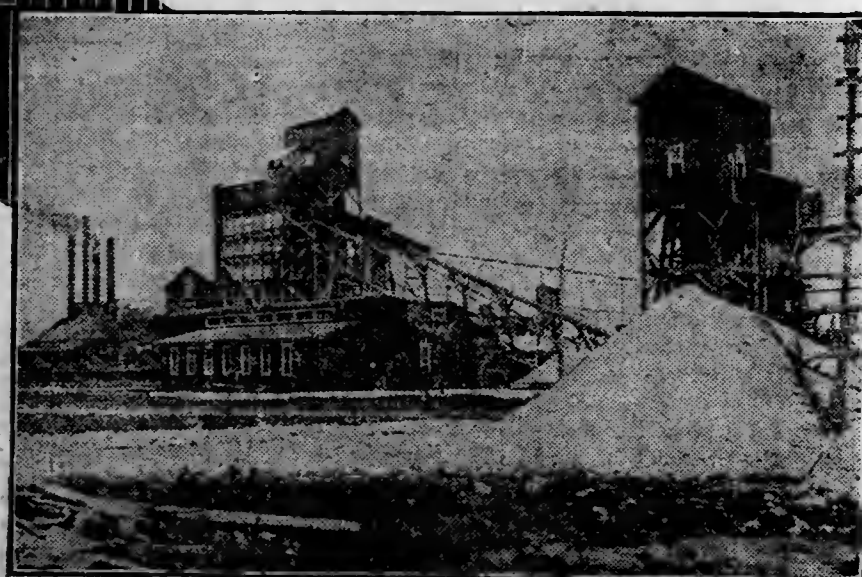

The Capital Stock was placed at \$100,000 and is owned almost entirely by Louisville men and those of nearby towns.

This stock paid 2% in January and 3% in February. A list of these stockholders has been printed and can be obtained on application to the company so

that this statement may be readily verified either by mail or telephone.

The Louisville Mansfield Lead and Zinc Company has just been organized with T. M. Crutcher, President; T. T. Beeler, Vice President; N. C. Cureton, Secretary; W. E. Newbold, Treasurer, and with the following Directors: J. C. Mahon, T. M. Crutcher, N. C. Cureton, T. T. Beeler and W. E. Newbold.

The Capital Stock is \$500,000 with shares at \$1.00 each, fully paid and non-assessable; \$200,000 of this stock has already been taken up, but the rest will be offered immediately to those desiring a very profitable and safe investment.

Dr. John Robertson Is Now A Major General

Many Richmond people remember with pleasure the series of sermons, given in the Christian church by Dr. John Robertson, D. D., LL. D., of Glasgow, Scotland, and will also remember that he left Richmond to join the Scotch Lads as Chaplain. He has since then been promoted for bravery in battle. Tuesday's Courier Journal had the following of interest to his many friends here:

The Rev. John Robertson, D. D., LL. D., one of the most noted divines of Great Britain, and former pastor of the City Temple, Glasgow, Scotland, will conduct a series of meetings in the Ruggles street Baptist church, Roxbury, says the Boston Transcript. During the war Dr. Robertson was a Major and Chaplain with the British Expeditionary Force in France. For services rendered at the battle of the Somme, where he was Chaplain of a Scotch regiment, and led the men in a heroic charge after the officers had been killed, he was breveted a Major General in the British army for bravery.

He is widely known throughout the United States, having made many friends here during his first trip in 1893, when the late Dwight L. Moody, took him to Chicago to preach, introducing him as "the Scotch evangelist." He was in the United States again before the war and established a college at Lewisburg, W. Va., for the training of theological students. On taking up this work of instruction Dr. Robertson had conferred upon him a third degree, that of LL. D., by the University of Glasgow. It is highest honor for scholarship awarded by that academic body.

Now that the war is over Dr. Robertson will not return to his professor's chair, but has decided to devote himself to a five-year evangelistic tour of the world, with appointments in Australia, New Zealand and India, in addition to the United States and Canada. He began the first mission of his world tour on February 23, at Lexington, Va., where he conducted a conference of students at the Washington and Lee University. He will visit Boston, Philadelphia, and Washington, D. C., in succession.

Among Dr. Robertson's friends in America was the late Theodore Roosevelt, on whom he called some months ago at the Harvard Club, New York. Of this interview Dr. Robertson says "As I waited a breeze seemed suddenly to fill the room."

"After our brief introductory remarks he said, 'The best bit of me is Scotch and Dutch.' I answered, 'especially the former.' He laughed his hearty laugh."

"As I spoke of the battle of the Somme in 1916, when the British lost from their fighting forces in sixteen weeks, 500,000 men, he said, the mountains around my native home in Scotland—Theodore Roosevelt had won such a breeze as I had felt from 'Great Britain—thinkers such as he never used the word 'England'—'Great Britain.' 'True,' I replied, 'and the German plan was in three weeks. Paris; in six weeks, Petrograd; nine weeks, London; in thirteen weeks, New York, and the world was theirs.'"

"He replied with an outburst, 'I did not wait!' He held out his hand and the Scotchman from the front gripped it and said, 'No, the whole world knows you did not wait.' He then told me of his sons and others of his kin who were occupied in the great war. As we bade one another good bye at the door he said, 'By George, I would like to sit under you.'"

Dr. Robertson is author of two books on the war, "The Two Crosses," "How Andrew Cameron Won Them," and "The Midnight Cry, or the Guns at Armageddon." When he preaches he wears the uniform of his rank in the British army, that of Major.

After-The-War Problems Affect Telephone Service

WHILE the nation was under the stress incident to winning the war, we asked our subscribers and the public to be patient with the telephone service and to limit its use as much as practicable in order that we might handle the urgent business of the nation efficiently.

Now that the armistice has been signed and hostilities have ceased, we are confronted with problems of the reconstruction period, which are equally as serious and which will require time and patience for solution.

The policy of frankness which we have practiced prompts us to make it clear that the difficulties under which we are now operating are such that it will be many months before we can bring our service back to the standard of efficiency prevailing prior to the European war.

The abnormal increase in the volume of telephone calls due to war activities created a need for a greater number of operators and we have been diligently building up an enlarged operating force. When this situation was very well in hand last fall the influenza epidemic played havoc with our forces and our losses from illness and death are still alarming. As a result of this combination of circumstances, the percentage of new and inexperienced operators is large and there is now a serious shortage although our training schools are graduating large classes every month.

Although our service has suffered from these causes the public has been considerate and we have been able to handle a heavier traffic than seemed humanly possible and have installed promptly and operated efficiently the telephone plants required by the government at army camps and other similar institutions.

The situation confronting our service is more serious now than it was when fighting was in progress. The public has relaxed from its tension and is inclined to expect our service to at once assume its pre-war efficiency. We deem it our duty to make this frank statement and urge you to continue the conservation of the service which proved so helpful during the time of our nation's greatest need.

We are operating the telephone system as agents for the federal government under the supervision of the Postmaster General, and our loyal organization is making a patriotic effort to perfect the service. Your continued co-operation and encouragement will be appreciated.

Lose Second Son

Mr. and Mrs. James Neely have the sympathy of a large circle of friends in the death of their son, Wilburn Neely, who passed away Monday morning, this being the second son who has answered the call of the Master in the past six weeks which makes their grief harder to bear. It is hard

at any time to give our loved ones up, but seems more so when just in young manhood, as these two were, but God only knows just what we can bear, and if we put our whole trust in Him, He is able to strengthen us. He leaves one brother and one sister, mother and father to mourn his loss. He was placed beside his brother in the cemetery at Bobtown.

Fortunes In Poultry For You This Year

Uncle Sam says: "RAISE MORE POULTRY THIS YEAR." He
urges you to join the Billion Dollar Poultry Industry! I'll tell you
why! Poultry is the quickest of meats to produce. You can turn
an egg into a two-pound "frier" in ninety days time! Think what this
means to you! Think of the prices now paid for poultry and eggs!
Why! It means fortunes in poultry this year! And the more you
raise, the bigger YOUR SHARE of these profits will be! The 23,000-
000 people already in the business are fortunate indeed! It's the best
time—the opportune time for others to start! And the Simplicity—
the wonderful 20th Century type of hatcher—is the incubator for you
to buy!

"START A MONEY-MAKING BUSINESS FOR YOURSELF
THIS YEAR."

All Choked Up With Catarrh? Why Continue Makeshift Treatment?

Sprays and douches will never
cure you.

Catarrh is annoying enough when
it chokes up your nostrils and air
passages, causing painful and diffi-
cult breathing and other discom-
forts. But the real danger comes
when it reaches down into your
lungs.
This is why you should at once
realize the importance of the proper
treatment, and lose no time ex-
perimenting with worthless reme-

dies which touch only the surface.
To be rid of Catarrh, you must drive
the disease germs out of your blood.
Splendid results have been report-
ed from the use of S. S. S., which
completely routs from your blood
the Catarrh germs, for which it is
a perfect antidote.
S. S. S. is sold by all druggists.

Long before 6 o'clock the house was filled and so disappearing as fast as could be served. In the meantime the younger set played old time games in the hallways. At nine o'clock the large sponge cake donated by Mrs. W. J. Wilson, containing a ring for the prize, was cut. Mr. Creakbaum being the lucky man, went off with the ring. Miss Lillian Newby received the prize for being the prettiest girl, and Mr. Hubert Willis the prize for being the ugliest boy. Our proceeds amounted to \$56.06, for which we extend our thanks to all who helped in any way to contribute to our success. We are proud to say that the crowd was the largest and best behaved we have ever had. We hope to have many more such good times at this place.

Why Colds Are Dangerous.

You are often told to "beware of a cold," but why? We will tell you: Every cold weakens the lungs, lowers the vitality and paves the way for the more serious diseases. People who contract pneumonia first take cold. The longer the cold hangs on, the greater the danger, especially from the germ diseases, as a cold prepares the system for the reception and development of the germs of consumption, diphtheria, scarlet fever and whooping cough. The quicker you get rid of your cold, the less the danger of contracting one of these diseases. Chamberlain's Cough Remedy has a great reputation as a cure for colds and can be depended upon. It is pleasant to take.

The
Famous
Chandler Motor

This is the Chandler Motor Famous for Its Excellence

Chandler owners, and men generally who know automobiles, talk about the Chandler motor for its marvelous performance and endurance.

It is exclusively the Chandler motor, of Chandler design and Chandler manufacture in Chandler shops. The only automobile hood you can find it under is the Chandler hood. It is not a stock motor. No other car has it.

And this is the greatest of six-cylinder motors.

The Chandler motor, with refinements and improvements from time to time but without radical change at any time, is now in its sixth year.

Lift the hood of a Chandler car and see that motor. Even from its exterior view you know it is good. We wouldn't build and mount a motor with such care if it weren't an extraordinary motor inside.

Chandler motor and chassis design are typical of the highest priced construction, yet Chandler is moderately priced. It offers greater value than other cars can give you for hundreds more. You can absolutely prove this to your own satisfaction if you will study the Chandler car, and put it to test on the road and compare it with other cars.

"At night, I'd just toss about the bed and couldn't get any real rest at all.

Completely Changed

"Since taking one bottle of Meritone I am eating and sleeping fine and I feel good. Ad when I get up I have the appetite for a big breakfast.

"My strength has come back fine, too. Meritone has done so much for me that I am getting two more bottles for my wife and children."

Results Tell

There Can Be No Doubt About the Results In Richmond.

Results tell the tale. All doubt removed. The testimony of a Richmond citizen can easily be investigated.

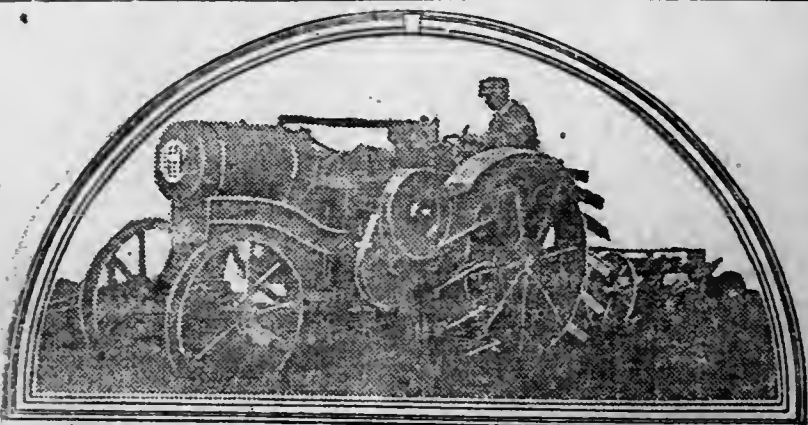

What better proof can be had? Mrs. Nelson Ross, 419 Laurel street, Richmond, says: "My kidneys were weak and I had pains through my back and across my kidneys. At times I was nervous and dizzy. Doan's Kidney Pills, which I got at Middelton's Drug Store, soon made me better I have often recommended Doan's Kidney Pills to others and consider them a splendid remedy."

No Trouble Since.

Over four years later Mrs. Ross said: "I have had no return of kidney trouble since Doan's Kidney Pills cured me and I am always glad to recommend them, for I know they are a good kidney remedy."

Here's the big work, little cost tractor—the Titan

THE Titan 10-20 has been on the market for years, and has made good without reservation. 10 horsepower at the draw bar—20 horsepower at the belt.

A well-balanced tractor that is suited to all farm power work. It drives easily, affords maximum pulling power for its weight, and is suited in every way to the general run of farm work. Not too large for the small farm, yet large enough to handle a great volume of work.

Use it with an Oliver Plow

We recommend that you use an Oliver plow with your Titan tractor because it means the best plowing under all conditions. The combined rolling coulter and jointer buries all trash and weeds at the bottom of the furrow; the stop device maintains an even depth of furrow; the plow points enter and leave the ground first, making it possible to plow clear to the ends of the field; and the trip rope control operates easily from the driver's seat on the tractor.

We have a full line of Oliver plows as well as the Titan tractor here at our salesroom.

Weekly Health Talks

A WORD ABOUT THE KIDNEYS

BY DOCTOR WATSON.

People are easily frightened when they think something is the matter with their lungs or heart, and well they may be; but few people understand the dangers of diseased kidneys. These organs have a duty of vital importance to perform, and if they are diseased, there is no telling how or where the symptoms may appear. The kidneys are filters, and when they are healthy they remove the poisons from the blood and purify it. When the kidneys are diseased, the poisons are spread everywhere, and one of these poisons is uric acid. The uric acid is carried all through the system and deposited in various places—in the form of urate salts—in the feet, ankles, wrists and back—often forming bags under the eyes. Sometimes the resulting trouble is called rheumatism, lumbago, sciatica and backache. Finally, "come stone" in the bladder, diabetes and Bright's disease.

Dr. Pierce, of Buffalo, N. Y., in recent years, discovered that a certain combination of remedies would dissolve uric acid (urate salts) in the system. He found this combination to be harmless, so that he made it up in tablets, of double strength, and called them, Anuric Tablets. They dissolve uric acid in the human system as hot coffee dissolves sugar. If you have uric acid troubles, don't delay in taking Anuric Tablets, which can be secured in the drug stores. You can write Dr. Pierce, too, and he will tell you what to eat and how to live so that more uric acid will not form in your system. Dr. Pierce will not charge for this advice.

PROBES MANY LIBERTY BOND SWINDLING CASES

TREASURY AND CAPITAL ISSUES COMMITTEE SUBMIT DATA—FAKERS EMPLOY WOMEN.

NUMEROUS cases of fraudulent operations by stock promoters who are alleged to be swindling Liberty Bond owners are before the Federal Trade Commission in Washington for investigation. The commission is having daily hearings at which testimony is being offered by those who have been victimized or their representatives and the commission has invited anyone who has such information to send it in.

The first testimony considered was a list of complaints compiled by the Treasury Department and the Capital Issues Committee. Other data which is to be given the investigators has been gathered by commercial interests.

Be a Sleuth!

When someone tries to sell you speculative or doubtful stocks and securities—
Get his name!
Particularly if he tries to exchange his securities for your Liberty Bonds—
GET HIS NAME!
Get not only his name, and address if possible, but get all the "literature" he has. Then send it all to
The Federal Trade Commission, Washington, D. C.

The Federal Trade Commission act provides a penalty or a fine or imprisonment for those who fail to report or who falsely report to the commission. The investigation is being speeded up to protect the coming issue, the Victory Liberty Loan.

Efforts of the government to check the swindles being perpetrated by the suave, well-dressed stock promoter have had such a dampening effect on his activities that he is taking refuge behind skirts. Women are now being employed, elderly-looking women with maternal ways which are calculated to disarm suspicion.

The latest warning from the Treasury Department is:
"Do not let the appearance or the dress or the sex of the Liberty Bond scalper disarm your suspicion. No reputable stock sales person will try to trade for your Liberty Bonds. Hold your bonds!"

Greatest of All War Pictures Soon to Be Released by Treasury

The Treasury Department is soon to send out over the country the greatest war picture ever drawn.

It will be called "The Price of Peace" and is an assembling of the most thrilling of the thousands of feet of film taken by official photographers of the war college who followed the Yank from his home to the front and back again.

The film will be released only through Liberty Loan committees and will be shown free.

Insurance Men List Liberty Bonds at Par

The national convention of insurance commissioners recently decided that in the auditing of all insurance companies for the year ending December 31, 1918, par would be allowed for all Liberty Bonds.

Financiers see in this action of the always careful and always conservative insurance commissioners a certain indication that the present low prices of Liberty Bonds of the first four issues are only temporary, and that the bonds are soon to go above par.

The action should be an incentive to the private owner of Liberty Bonds to hang on.

Liberty Loan Levy

A canny young lad named Calhoun, About to wed Mazie Muldoon, Dressed a necktie As groom's gift too reckless, He give Mazie a Note April next June.

HANG ON!

Don't forget! Liberty Bonds are going above par. That is why brokers are advertising for them. You know. Be wise. Hang on to your bonds.

The support of the Fifth Liberty Loan by the American people will be the measure of our welcome to our returning soldiers.

IT'S EASY—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

In Simple Laxative

A sense of false modesty often prevents women from admitting that many of her ills and disorders are due primarily to constipation.

But women who know themselves have learned that headache remedies and beautifiers only cover the trouble but do not dislodge it.

What is needed is a remedy to move the bowels and stir up the torpid liver. An ever-increasing number of sensible women take a small dose of a combination of simple laxative herbs with pepsin known as Dr. Caldwell's Syrup Pepsin and sold by druggists under that name.

It will save a woman from the habitual use of headache remedies, skin lotions and similar makeshifts. Once the bowels are emptied and regulated, the headache and the pimples and blotches disappear. It is the rational, natural method.

A bottle of Syrup Pepsin lasts a family a long time, and all will find use for it from time to time. Thoughtful people are never without it in the house.

The druggist will refund your money if it fails to do as promised.

PRICE AS ALWAYS

In spite of greatly increased laboratory costs due to the War, by sacrificing profits and absorbing war taxes we have maintained the price at which this family laxative has been sold by druggists for the past 26 years. Two sizes—50c and \$1.00.

Dr. Caldwell's SYRUP PEPSIN The Perfect Laxative

FREE SAMPLES—If you have never used Dr. Caldwell's Syrup Pepsin send for a free trial bottle to Dr. W. B. Caldwell, 468 Washington St., Monticello, Ill. If there are babies at home, ask for a copy of Dr. Caldwell's book, "The Care of Baby."

RED CROSS NOTES

The last quota of the thousand garments promised, are at the Red Cross rooms. Please get them on Mondays, Thursdays and Saturdays. Members of county circles and all in town, are especially urged to come and do all they can to finish up the work.

Rev. O. Olin Green, pastor of the First Baptist church, left this afternoon for Harrodsburg where he is to deliver three addresses at the Mercer County Demobilization Conference for considering after-war problems. He expects to return in time to occupy his pulpit Sunday.

That not only applies to the style in these waist-seam suits we are showing, but to quality in the clothes

Hart Schaffner & Marx

use nothing but the finest all wool fabrics; that means longer wear, better fit, style that stays stylish.

You'll pay more for such clothes but they'll cost you less than others, day in and day out because they wear longer; you get more days of service for every dollar you spend; that's the only way you can really determine whether a price is low or high.

Our prices are the lowest you'll find considering what you get; we don't just say that; we guarantee it; your money back if you don't think so, too.
